

# Spotlight on Beacon Falls

**Senator Crisco read *Monarch Butterfly* on Connecticut Loves to Read Day at Laurel Ledge School.** Thank-You notes from Mrs.

Nardelli's 2nd Grade Students:

"My favorite part in the story was when the butterfly laid her egg."

"That was a wonderful book."

"My favorite part of the book was when the butterfly hatches."

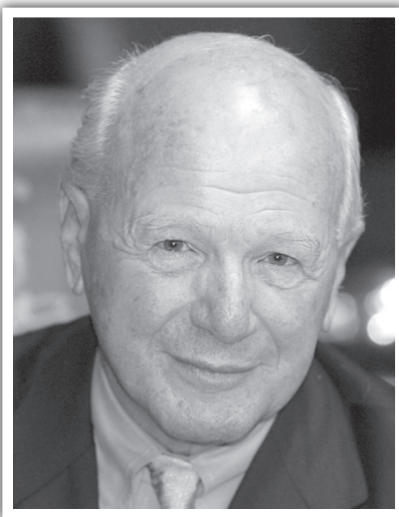

"The part I liked most was when you started the book."

"My favorite part was when the butterfly went south for the winter."

"My favorite part was when the caterpillar turns into a butterfly."

"The part I liked the most was the chrysalis."

**"P.S. Thank you for the butterfly and donating the butterfly book to our class."**

# LOWERING ENERGY COSTS & CREATING JOBS

For more information about energy savings, visit  
our Web site at [www.senatedems.ct.gov/Energy](http://www.senatedems.ct.gov/Energy).

Please share or recycle when done.

## Highlights of the energy reform legislation:

- Creates the Clean Energy Finance & Investment Authority to leverage private capital for **clean energy** projects;
- Allows for energy to be purchased through a variety of ways to **help lower rates**;
- Launches programs to provide **incentives for the replacement of residential heating equipment and clean energy installations**, such as solar panels and fuel cells in homes and businesses; and
- Establishes the Office of Energy Efficient Businesses to provide businesses interested in energy-efficient products or renewable energy with a **single point of contact**.

## Other Energy Savings

- The General Assembly also eliminated the surcharge on electric bills, which will **save the average ratepayer as much as \$5 every month**.
- Many of Connecticut's energy consumers have not taken advantage of the increased competition amongst the companies that supply energy. I urge all business owners and homeowners to shop around for **lower electricity rates** by visiting [www.ctenergyinfo.com](http://www.ctenergyinfo.com).
